

Autoident NFC - Supported Identity Documents

Country & Document Type Overview

This document provides a comprehensive overview of identity documents worldwide and their NFC (Near Field Communication) chip support status. It covers **Passports**, **National ID Cards**, and **Residence Permits (Europe)**.

NFC Status Legend

- **Read & verify** — Full NFC chip read and cryptographic verification of authenticity.
- **Read & partially verify** — NFC chip read with partial verification (some certificates may be missing).
- **Read only** — NFC chip can be read but authenticity cannot be cryptographically verified.
- **No chip** — Document does not contain an NFC chip.

Summary

Document Type	Number of Entries
National ID Card	137
Passport	211
Residence Permit (Europe)	33
Total	381

Passports

#	Country / Region	ISO3	NFC Status
1	Algeria	DZA	Read & verify
